To Whom It May Concern:

We first dealt with Adelaide IT Specialists to resolve the long standing issues affecting our VPN remote access solution.

The technician, with great confidence, reconfigured our environment on the spot and we were fully operational that very day. Our previous provider had been unsuccessful at resolving this issue for several months, so it's easy to imagine how relieved our team was to hear the problems had finally gone for good.

Knowing that we have the support of highly competent technicians is priceless and we trust Adelaide IT Specialists with our IT requirements.

Their follow has also proven to be exception.

Century 21 Property People has no hesitation in recommending Adelaide IT Specialists for their professionalism, honest advice, good judgement and most importantly providing the skills to get the job done.

Yours sincerely,

Luis Gomez
IT manager
Century 21 Property People.
